Philadelphia, Penna.

Dreer's Quarterly Wholesale Price List.

September-December, 1897.

BULB DEPARTMENT.—The immense quantities of Bulbs which we handle, enable us to supply them at the lowest possible prices. Our sources of supply are the best in this country and abroad, the leading growers of the world having for years supplied us with their **choicest stock.**

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Vegetable, Agricultural or Flower seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, Araucaria, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stock. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

The new ranges of glass erected in 1895 and 1896, covering 53,000 square feet each, (two of the houses being nearly one acre each under one roof) are certain to interest anyone having anything to do with a greenhouse. This, we believe, illustrates in a practical way, that we believe in home-grown plants.

Our Palm cultures are now undoubtedly the largest and most complete in the country.

A time card of trains, with directions how to reach the nurseries, will be mailed to anyone applying.

LOW EXPRESS RATES ON PLANTS AND BULBS.—We are shipping by express lines to all parts of the country, plants packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Boxes weighing less than 100 pounds are charged at pound rates, minimum charge not less than 35 cents. For example: where the general rate is \$5.00 per 100 pounds, a box weighing 20 pounds will be carried for 80 cents. Prepaid 4 pound packages of seeds, plants, and bulbs are carried to California and all distant points for 30 cents each.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** on Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary.

 Plants and other perishable goods, when sent in any other way, are solely at Purchaser's Risk. 

TERMS OF BUSINESS.— Unknown correspondents desiring to open an account, will please furnish satisfactory reference, otherwise cash must accompany order.

 Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

 Perishable goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

CHANGE OF TERMS.—In order to equalize and to give the same time of credit on all purchases, we have decided to abolish our old system of credits in which all accounts, regardless of date of purchase, were due in January and July, and have decided to adopt a new system, as follows:

All bills will be due and payable Ninety (90) days after date of invoice.  No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices.  In filling out your order, always give **Shipping Directions**, and write **Name and Address Distinctly.**

NON-WARRANTY.—We wish it to be distinctly understood, that although we continue to take all possible pains to supply only New, Genuine and unadulterated Seeds and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

Second Size Named Hyacinths.

These are smaller than our selected first size bulbs, but are fine flowering stock and frequently sold by some houses as first size. For forcing or bedding will give good results; better in every way than mixtures.

Selected First Size NAMED HYACINTHS.

The superiority of Named Hyacinths for forcing and bedding is attested by the increased sales of the past few years. They can always be depended upon to produce large full spikes, which command a much higher price and readier sale than the inferior blooms produced by the mixed sorts.

LILUM KRAMERI.

Plants for Florists.

Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, Araucaria, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Our Measurements of Plants, where given, as in the case of Araucarias, Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

An Invitation. Whenever possible, we solicit a personal inspection of our stock. Our Nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen. A time card, with directions how to reach the Nurseries, will be mailed on application.

ASPARAGUS SPRENGERI.

Allamanda Williamsii.

This handsome variety is entirely distinct from all others, being quite dwarf and in no way resembling a climber, but forming a compact bush with trusses of bloom at every point, and having from two to four expanded blooms on each extremity at the same time and buds innumerable. It continues flowering the whole summer, and, with proper management, in the winter also. The flowers are from $3\frac{1}{2}$ to $4\frac{1}{2}$ inches in diameter, of a very rich yet delicate tint of yellow, and are deliciously scented. 3 inch pots, 15 cts. each ; \$1.50 per dozen.

Aralia Sieboldii.

A most excellent house plant, having large, deeply cut foliage, which is of a bright, cheerful green color.

3 inch pots, \$1.25 per dozen ; \$10.00 per 100.

Aralia Sieboldii Variegata.

A pretty variegated form of the above. Good 4 inch pot plants, 35 cents each ; \$3.50 per dozen.

Aralia Chaubrieri.

An elegant plant for table decorations, with fern-like dark green leaves, brightened by crimson midribs ; strong plants in 5 inch pots, \$1.00 each.

Asparagus Sprengeri.

When introduced, at a high price, a little over a year ago, this variety was received with some hesitation as to its desirability, but after only a limited trial it has come forward with such prominence that the supply will be inadequate to the demand for some time to come. Not only is it useful for cutting in sprays for fine cut-flower work, more particularly in connection with large roses, etc., but grown in suspended pots it makes one of the prettiest decorative house plants we know of. Used in decorations, as for example in the decoration of mantles, nothing can equal it.

We offer but a very limited stock in 3 inch pots. \$1.25 per dozen ; \$10.00 per 100.

Asparagus Plumosus Nanus.

A grand variety for cutting either in strings or in smaller pieces. We offer a fine lot of thrifty young plants

2 inch pots \$1.00 per dozen ; \$8.00 per 100.

ARDISIA CRISPA.

SPECIMEN AZALEA.

Azaleas.

(Ready in October).

Buyers who use a quantity of this most popular Easter blooming plant, will find it to their interest to place their orders for next season's wants early, thereby securing the choice of the stock at lowest cost for transportation, as the plants can be forwarded with perfect safety during October, by fast freight, even to the most distant points.

Our growers in Belgium are among the most successful men handling Azaleas; they have been specialists in this line for many years, and their principal stock is sent to us.

All of our importations of Azaleas are sent here in bulk, and are all repacked at our own nurseries, so that any plants that may not have carried well are set aside. This insures our customers securing only first-class stock, which cannot be compared with cheap assorted case lots which are made up in Belgium, and are distributed on this side just as received, frequently not only containing damaged plants, but also, as a rule, many varieties not at all suited to the American trade.

The varieties we supply are only the most popular sorts suited to the American market. We give personal attention to the selection of these stocks abroad, and can guarantee satisfaction. We offer well budded plants with bushy crowns.

Our prices include duty, packing, and delivery to any express, freight or steamship line in Philadelphia, and are as low as first-class, bushy, well budded stock can be supplied for, and we are certain that they will give entire satisfaction.

Fine bushy crowns, well set, with buds, 10 to 12 ins. in diameter, \$40.00 per 100.

Fine bushy crowns, well set, with buds, 13 to 15 ins. in diameter, \$65.00 per 100.

Specimen plants 18 to 20 inches in diameter, \$3.00 each; \$33.00 per dozen.

Ardisia Crispa.

Similar to Ardisia Crenulata in every way, except that the fruit is much larger and of a darker, richer color.

3 inch pots, \$1.25 per dozen; \$10.00 per 100.

4 " " a fine lot of plants in fruit, \$4.00 and \$6.00 per dozen; \$30.00 and \$50.00 per 100.

TUBEROUS BEGONIAS.

Also a fine lot of Alba Plena, 6 inch pots, 24 to 28 inches high, bushy plants, \$12.00 per dozen; \$90.00 per 100.

Carex Japonica Variegata.

An exquisitely graceful new Japanese grass with slender green foliage, edged white. 75 cts. per doz.; \$6.00 per 100.

Crotons.

We offer a selection of 12 choice varieties in 3 inch pots. \$2.00 per dozen; \$15.00 per 100.

**CARNATIONS.**

The plants we offer are field grown, they are lifted and potted early in September, and are ready for shipment early in October. Being established in pots the plants transport much better than stock shipped direct from the field.

Dracænas.

Amabilis. A most desirable variety that forms large specimens very quickly.

5 inch pots, 50 cts each ; \$6.00 per dozen.

Bruanti. A graceful green leaved sort that is not as well known as it deserves to be ; a most useful decorative plant that will stand as much abuse as a Rubber. We have prepared a large stock, and offer

4 inch pots, 10 inches high, 30 cts. each ; \$3.00 per dozen.

Lindeni. Good plants in 4 inch pots, 75 cts. each.

Massangeana. Good plants in 4 inch pots, 75 cts. each.

Sanderiana. A new and entirely distinct species, and one of the finest novelties introduced for years. It has thick textured narrow leaves which are closely set on slender upright stems, variegated with silvery white and green bands alternating and of various widths, the whole surface of the plant being covered with a silvery sheen of bloom. It is altogether different from anything heretofore known in the way of Dracænas.

Good young plants, 3 in. pots, 50 cts. each ; \$5.00 per doz.

Terminalis. 2½ inch pots, \$1.00 per doz. ; \$8.00 per 100.

Ficus Elastica.—Rubber Plant.

5 in. pots, 15 ins. high, \$6.00 per doz.

6 " 18 to 24 ins. high, \$9.00 per doz. ; \$70.00 per 100.

Fuchsia Triphylla Hybrida.

This splendid variety, though introduced several years ago, is still very little known, and is worthy a place in every collection. It is entirely distinct, and would hardly be recognized as a Fuchsia. The flowers are of an intense rich carmine, and while not large, are produced with great freedom, there frequently being from twenty-five to thirty flowers on a branch. 15 cts. each ; \$1.50 per dozen.

Lapageria.

We offer a thrifty lot of plants in 6 inch pots.

Alba. \$3.00 each.

Rosea. \$1.50 each.

Maranta Massangeana.

A most useful dwarf growing variety, with pretty motled foliage, very desirable for use in connection with ferns for filling fern pots, jardinières, etc.

3 inch pots, \$1.00 per doz. ; \$8.00 per 100.

FINE FERNS.

NEPHROLEPIS CORDATA COMPACTA.

Adiantum Farleyense.

Nice young thrifty stock for growing on.

Adiantum Formosum.

An excellent variety to grow into specimen plants for decorative purposes. 2 in. pots, \$2.00 per doz.; \$15.00 per 100.

Alsophila Australis.

This useful Tree Fern is always scarce; we have this season an exceptionally fine lot.

2½ inch pots,	\$1.00	per doz.;	\$8.00	per 100.

Cibotium Schiedei.

This is undoubtedly the finest of all the Tree Ferns for use in decorative purposes, it being a variety that is always scarce and difficult to obtain. We have succeeded in growing a fine lot of this variety, and offer beautiful decorative plants of it. 6 in. pots, \$1.50 each; 7 in. pots, \$2.50 each.

Davallia Fijensis Plumosa.

One of the prettiest of the Davallias; especially fine for growing into specimen plants; with dark green, gracefully arching fronds.

2½ inch pots,	\$1.50	per doz.;	\$12.00	per 100.
---------------	--------	-----------	---------	----------

Doryopteris Nobilis.

A beautiful variegated variety with large bold foliage.

2 inch pots,	\$1.00	per doz.;	\$8.00	per 100.
3 "	1.50	"	10.00	"

Nephrolepis Cordata Compacta.

In our estimation this variety is the finest of all the sword ferns; it is of free, strong growing, compact habit, attaining when fully grown a height of about 2 feet. The fronds, which are of a dark green color, are very rich, of upright growth, with just sufficient arch in them to make them graceful.

2½ inch pots,	\$1.25	per doz.;	\$10.00	per 100.

3 "	2.00	"	15.00	"
4 "	2.50	"	20.00	"
5 "	4.50	"	35.00	"

As usual, our stock of Ferns is very large, about 500,000 being now in pots ready to send out.

Our collection has been especially selected for florists' use, discarding all such as are only useful in a botanical collection.

DAVALLIA STRICTA.

Linum Trigynum.

We will have a fine lot of this useful fall and winter flowering plant ready early in October; strong 4 inch pots, \$1.25 per dozen; \$10.00 per 100.

Musa Ensete. (Abyssinian Banana.)

The leaves of this magnificent plant are long, broad and massive, of a beautiful green, with a broad crimson midrib; the plant grows luxuriantly from 8 to 12 feet high, producing a tropical effect.

Strong 5 inch pots, 50 cents each; \$5.00 per dozen.

Otaheite Orange.

We offer a fine lot of plants, nicely set, with small fruit, which promise very well. These should make fine saleable stock for the holidays.

4 inch pots, \$4.50 per dozen.	\$30.00 per 100.
5 " " 9.00 "	70.00 "

3 " " 1.25 "	10.00 "
4 " " 3.00 "	25.00 "

Pandanus Veitchii.

Good plants in 6 inch pots, \$1.25 each.

Passiflora, Quadrangularis Variegata.

A pretty variegated variety having large foliage, which is mottled with bright golden yellow spots, and light colored, almost white, flowers. \$1.00 per dozen; \$8.00 per 100.

Peperomia Maculosa.

2½ inch pots, 75 cts. per dozen; \$6.00 per 100.

Peperomia Metallica.

2½ inch pots, 75 cts. per dozen; \$6.00 per 100.

Dreer's Double Petunias.

Our strain of Double Petunias is too well known to require special description. For many years this has been one of the specialties of our establishment, and again this season we have grown many thousands of seedlings from which our collection has been selected, embracing only such distinct fringed varieties and colors that are especially suited to the retail trade.

We offer strong 3 inch pots, in 15 distinct varieties, ready about the first of October, at \$1.50 per set; or \$10.00 per 100.

LUXONNE VIOLET.

Primula Sinensis Fimbriata.

A choice strain of primulas in 3 inch pots, at 75 cents per dozen; \$5.00 per 100.

Smilax.

2½ inch pots, \$3.00 per 100; \$25.00 per 1000.

Stephanotis Floribunda.

A nice lot of 3 inch pots, 30 cents each; \$3.00 per dozen.

Stigmaphyllon Ciliatum.

(Brazilian Golden or Orchid Vine.)

One of the prettiest tender climbing plants in cultivation, with large yellow butterfly-like flowers, resembling that showy orchid *Oncidium varicosum*. It is especially adapted for training over the pillars or on the walls of a conservatory, but will do equally well in the open air. 50 cts. each.

NEW SINGLE VIOLETS.

The varieties offered below are great improvements over the old sorts, which were practically of little use except at such seasons when double flowering sorts were not to be had, while in these new sorts the flowers are of such immense size that they are fully as desirable as the finest doubles. We offer strong field-grown clumps.

Admiral Avellan. A French variety with entirely distinct bright reddish flowers, different from anything yet introduced; the flowers, which are produced very freely, are of large size and fragrant. \$1.25 per dozen; \$10.00 per 100.

California. This was sent out as the finest single variety in cultivation. The flowers are very large, borne on long stout stems, which makes it especially valuable as a cut flower; intensely fragrant and of a clear violet purple color that does not fade out. \$1.00 per dozen; \$8.00 per 100.

Luxonne. This variety is of French origin, and is without doubt the finest single violet grown. It is of the same size as the California, but appears nearly double its size, as the petals all open out flat. It is of a beautiful rich but soft violet purple color, with strong stout stems from 9 to 12 inches long, and very fragrant. \$1.00 per dozen; \$8.00 per 100.

Princess of Wales. Another grand variety, not quite as large as Luxonne, and a shade lighter in color; intensely fragrant. \$2.00 per dozen; \$15.00 per 100.

-: Palms:-

Our Leading Specialty.

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general Florist's trade. Our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

Prices on some sizes, especially medium and large sized specimens, are somewhat higher than last season. This is due entirely to a scarcity of these particular sizes and not in anticipation of expected tariff legislation; but there is not the least doubt but that an increase in the present rate of duty will have a tendency to stiffen prices considerably in the Fall, and we would on this account strongly advise intending purchasers to procure their supply during the summer months.

Special Notice.—Our measurements of plants where given, as in the case of Palms, etc., etc., means the height of the plant from the **top of the pot** to the **top of the plant in its natural position**. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

Chamærops Excelsa.

2½ inch pots, 75 cts. per dozen ; \$6.00 per 100.

Cocos Weddeliana.

We have now in stock the largest and thriftiest lot of these it has ever been our good fortune to possess. The plants are strong, clean, vigorous and of good color. This variety is now indispensable in filling Fern Dishes, Jardinieres, etc., and as they are always scarce through the winter, customers would do well to lay in a supply early.

Flower Seeds.

We give close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country.

Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of Cineraria, Carnations, Calceolaria, Cyclamen, Gloxinia, Pansy, Primula, etc., which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third.

GRASS SEEDS FOR LAWN AND FIELD.

KENTUCKY BLUE.

We make a specialty of grass and clover seeds, and send out only the varieties best adapted to this country. These seeds are largely American grown; some are necessarily imported. Our European seeds are carefully tested for purity and germinating qualities by the Federal Government Control Station of Zurich, Switzerland, which enables us to guarantee for them a high degree of excellence and value. Our American grown seeds are only of the first quality, re-cleaned, and free of all weed seeds.

All seeds that we offer have been re-cleaned, and will meet the views of the most critical buyers. Our prices are as low as the *quality* of the seeds will warrant, and should not be compared with low prices quoted for inferior stocks. Samples of grass seeds mailed for examination.

Special mixtures for meadow and pasture grasses made up as required.

RED-TOP (HERD GRASS.)
